## REGISTER TO WIN!

*Visit the many exhibitors and register to win a GoPro video camera.*

### David DeGolyer

*Executive Consultant, Western New York Crop Management Association*

The Western New York Crop Management Association works with farmers across the region to increase efficiency of crop input management and bolster environmental responsibility. Membership in the association has grown to include over 400 farms, comprising over 250,000 acres of consulted crop land.

### Bill Verbeten

*Owner, Empire Ag Imagery*

Empire Ag Imagery provides plane-based green NDVI, enhanced color, and high definition natural color aerial imagery to improve crop production and environmental stewardship.

### Tom Verry

*Director of Outreach and Development, National Biodiesel Board*

The National Biodiesel Board (NBB) is the national trade association representing the biodiesel industry in the United States.

### Kate Hall

*Managing Director, Council for Biotechnology Information*

The Council for Biotechnology Information (CBI) communicates science-based information about the benefits and safety of agricultural and food biotechnology.

### Dwight Ligenfelter

*Penn State University Extension Associate, Weed Science*

### Kyle A. Imhoff

*Penn State University Climatologist*

### John Berry

*Penn State University Extension Ag Marketing Educator*

### Del Voight

*Penn State University Extension Educator & Director of PA On-Farm Network*
