Pennsylvania Soybean Board
FY 2016-FY 2017 Board of Directors

William Beam (Chester County) – Chairman
Michael Gerhart (Lancaster County) – Vice Chairman
Steven Hykes (Franklin County) – Secretary/Treasurer
Daryl Alger (Lebanon County)
Andy Fabin (Indiana County)
John Harrell (Lebanon County)
Brian Kreider (Lebanon County)
Emily Landis (Centre County)
Dusty Kieffer (Northumberland County)
Justin Knoebel (Columbia County)

Ex-Officio Board Member: Delbert G. Voight, Lebanon County Extension Office

Contracted Staff:

Jennifer Reed-Harry, Executive Director
Holly Fritz, Communications and Publications
Karen Deimler, Accounting

PA Soybean Board Overview

The Pennsylvania Soybean Board administers the national soybean checkoff program, approved by Congress in 1990. Under its terms, farmers “check off” 50 cents for every \$100 at the first point of sale of their beans. Half goes to the state, with the remainder to the United Soybean Board. The money is used to fund or support soybean research, market development and education.

The Pennsylvania Soybean Board promotes the growth and development of Pennsylvania's soybean industry.

Pennsylvania Soybean Board Mission Statement

The Pennsylvania Soybean Board will invest soybean checkoff resources to advancing soybeans in the Commonwealth, enhancing sustainability, and providing opportunities for PA Soybean Growers.

Pennsylvania Soybean Board List of Research Ideas

This listing of research proposal ideas have surfaced at Soybean Board meetings and events. This list is not inclusive as to what the Board will fund, but rather a listing of possible topics to be considered by researchers.

Four Main Areas of Focus

- Meal
- Oil
- Freedom to Operate
- Customer Focus

Potential Issues /Suggestions for Research Projects

- White mold and other pathogens
- Edible soybeans – production and markets
- New uses – food and non-food
- Measuring soybean components – consistency and efficiently
- Organic food: Is it affecting the conventional food market, supply, public health and/or public perception?
- Feeding quality for livestock – whole, cooked, meal – nutritional value
- Oil and protein – research on beans with higher levels – cost effectiveness
- Marketing issues
- Merchandising –future challenges – changes –market demand driving production
- New methods of soybean inoculants
- Response of post application with additives
- Whole bean vs. by-products in animal feed
- High yielding soybeans – varieties, production methods
- Plant genetics/physiology
- Overcoming yield plateau
- Field information and technical support – information distribution
- Economics of weed control – thresholds, cost impact
- Economic responses for varying planting dates
- Soybean rust, sentinel plots

- Soybean aphid
- Wildlife - spray-on additives/control
- Roundup resistant weeds
- Fungicide use on soybeans
- Animal agriculture promotion and support
- Stink bugs
- Container export shipping to foreign markets that may need non-GMO, high protein, etc.
- Soybean cyst nematode (SCN) – do we have them in PA?
- Soil Health

Process Timeline and Payment Information

The Request for Research Proposals will conclude at the **close of business on January 20, 2017**. Any proposal received after that date will not be considered.

All proposals will be forwarded to the Pennsylvania Soybean Board for their review.

The Board will meet on February 2, 2017 to review and discuss each proposal. At that time, the Board will vote on funding proposals.

An email notification will be sent to all applicants by **February 7, 2017** regarding the status of your proposal.

Proposals selected for funding will have a contract for researcher/university signatures by **February 14, 2017**

Once the contract is signed and returned to the Pennsylvania Soybean Board office, a check for 50% of the research funds, along with a copy of the signed contract, will be mailed.

The **mid-term report will be due by August 11, 2017**. Upon receipt of the completed mid-term report, a check for 40% of the research funds will be paid.

The **final report will be due on or before March 1, 2018**. **The final report must be both a written, detailed report as well as a short video (no more than 5 minutes), outlining the results of the research project (in layman's terms). The video will then be posted on the soybean board's website.** Upon receipt of the completed final report, the balance of 10% of the research funds will be paid.

Special Notes:

The soybean board may, at its' sole discretion, void the contract and eliminate all scheduled contract payments if the researcher fails to:

- 1) return a signed copy of the research contract by the established due date; or
- 2) provide interim and/or final report to the soybean board by the stated due date; or
- 3) contact the soybean board prior to the due date in order to request a change in budget and/or an extension for approved reason(s) when interim and/or final report(s) cannot be completed by contract due dates; or
- 4) demonstrate the research funds are being used in accordance with the proposal

Budget Information

Salaries and Wages:

Principal investigator – The Board does not pay the principal investigator salary/benefits

The Board can pay salaries for the following:

1. Co-principal Investigator
2. Senior associates
3. Research associates
4. Graduate students
5. Pre-baccalaureate students
6. Technical, shop and other – (A description of the position must be attached to the research proposal.)
7. Other professionals – (A list of those other professionals is required with the title and position on the research proposal.)

Please note: The researcher must be able to verify that the Pennsylvania Soybean Board is funding the appropriate percentage of the salary as it pertains to the individual project. The researcher must provide hourly rate charges as it applies to their research.

Fringe Benefits

Please provide detailed information in the proposal of the exact amount of funds that will be earmarked for fringe benefits. Please itemize those fringe benefits as health insurance, social security, taxes, retirement, tuition, etc.

Non-Expendable Equipment

List items and dollar amount for each. The Pennsylvania Soybean Board will fund up to 25% of the cost of equipment unless 100% of the Board Members vote to fund at a higher rate. With that, the Pennsylvania Soybean Board relinquishes all ownership of said equipment to the research entity.

Materials and Supplies

Researcher is required to provide a detailed list of the materials and supplies they are seeking funding for in the proposal

Travel

The researcher must provide an explanation of what travel is involved and to where. Upon request of the Board, the researcher must provide proper documentation of the mileage and destination. Mileage will be reimbursed at the IRS rate for the project year of the research.

Publication Costs

The Board requires detail of what is being published and how it is being utilized. The Board also requires information on how many copies are being made and detailed receipts of actual publication costs. In addition, the Board requires that proper attributes be given to the Pennsylvania Soybean Board for funding provided.

All Other Direct Costs

The Board requires that supporting documentation listing items and dollar amounts be provided.

The Board can fund renting of land, plot rental, greenhouse rental, seed, herbicide, etc.

Indirect Costs

The Board **does not** fund indirect costs.

Audit of Research Projects

The Pennsylvania Soybean Board and contracted staff will conduct random audits of research projects and financials. Your full cooperation is expected for this audit.

Amendment to Research Contract

If the researcher would like to amend the contract for any reason, an "Amendment to the Research Contract" must be requested.

The researcher must submit in writing (letter or email) the reasons for the request. The researcher must include the PSB Assigned tracking number (ex. R2016-03). In addition, the researcher must request approval prior to the action requested in the amendment request. If the Pennsylvania Soybean Board agrees to the request, the following amendment will be generated.

**Amendment to the Research Funding Agreement
Between
Pennsylvania Soybean Board
and
_____ (Research Entity)**

Purpose:

The funding agreement between the Pennsylvania Soybean Board and _____ (Research Entity) made on _____ (insert date of agreement), sets forth the agreement of the parties under which the Pennsylvania Soybean Board has agreed to provide funding to the research project titled: _____. The purpose of this amendment is to amend certain provisions of that agreement.

Amendment to the Agreement:

The provisions of the agreement shall remain in force during the term of the agreement, with the following modifications:

1. _____ (state reason for amendment)

Approval:

The Pennsylvania Soybean Board and _____ (Research Entity) agree that this amendment shall become effective only upon approval of the amendment by both parties.

Approved:

Pennsylvania Soybean Board

_____ **(Research Entity)**
